

Elizabeth Barker

We were taken by coach to Dilhorne, and our teacher Miss Davis was there, I remember that quite well, and Susie Cooper's husband came to Miss Davis and said he would like two girls who were sisters please, so she said I can hear it now, "I've just got the two". And it was my sister and I. And Susie Cooper's husband was named Barker, same as mine, and he said to the lady, "We're lucky this time May I've got two girls" and back we went.
