

Douglas Wood

“No question about it, it taught me erm, manners and discipline and respect, all those things and I was shown so much kindness and love, I mean it was wonderful really. I suppose it was going back there, going back there for holidays, I mean every day really was a happy day, Aunt Edith was quite a disciplinarian though, I mean she didn’t stand any nonsense, but she did it in such a kind way, but every day was enjoyable and I suppose going back for holidays was, the fact that I was able to go back for holidays was, was great. I used to, year after year I used to go back for a holiday.”
